NEW COUNCIL SITES IN LONDON

You may have heard people
talking about new sites
being built in London

what is this all about?

will it happen?

what can you do?

Travellers with the Mayor of London?

Boris Johnson, the London Mayor has made a LONDON Plan for the next 15 years

It says that new sites are needed for Gypsies and Travellers

The London Plan Says:

- ◆ All Councils will have to build new pitches.
 - ◆ The number of new pitches across the whole of London should be 538
- ◆ Each Council has been given a different number of new pitches to build
 - ◆ New pitches should be given first to Travellers and Gypsies who already live on council sites before those in houses

What do you think of the Mayor's London plan?

A report on Travellers needs in London says that more than 800 pitches are needed. This has already been cut down by the Mayor to 538 and could be cut down more.

New Pitches for each council so far:-

Will Councils ever build these new pitches?

No new sites have been built yet.

It could take years—but for the sake of the young generation of Travellers and Gypsies growing up we need to work together

Who is in charge of building the new sites?

It is the Councils job to find the land and build the new sites
