London's Travellers - More sites - our future

London Plan Policy 3.9 Gypsies and Travellers

Thank you for saying councils should build new sites. As a Gypsy/Traveller I believe 538 new pitches are not enough for London. The needs report says 811 pitches should be built. We are being forced to live in houses because we have no choice. We want to live on sites but there aren't enough. We urgently need you to make sure councils build more pitches.

Boris Johnson
